A Scotchman,

in our opinion, can come very near sizing up a situation, and in matters of prudence, he has no superior, and few equals.

These remarks are suggested by a call we received yesterday from a native born Scotchman, now a resident of a neighboring town.

He understood all about the safety of a Trust Company, and stated that he came to get a booklet on trusts; that he had decided to make a will and name the Virginia Trust Company his executor and trustee.

Have You an **Insurance Policy?**

There are a great many men in this city who give notes for their annual life insurance premiums. These notes are given because the insured are short of funds when payments fall due. There is no occasion for this, because a comparatively small amount can be deposited each week in the

Bank of Commerce & Trusts

and when the premium is due you will be relieved of the embarrassment and worry by giving the agent of your company your check for the full amount, thereby saving the interest charged by the insurance company. Figure out the amount of your premium and see what you will have to deposit each week to have sufficient funds in the bank to pay your premium in full. Commence this week by opening an account with this strong institution.

This is the secret of Thrift-the ability to translate expenditures into terms of work. When we realize that every dollar we spend is a contract to work a certain length of time FOR SOME ONE ELSE, we shall spend more wisely.

Thrift is commonly regarded as slavery to the material. It is just the contrary. It is the only door to liberty. It buys freedom and leisure. It opens life to travel, study, ability to give-to everything that is highest and best.

This bank has a Savings Department for the use of the Thrifty. Safety is assured.
